This data was collected on a re-cleaning of the East Beach of Gore Point by Gulf of Alaska Keepers during the month of June, 2009. Each "Section" represents a rough 100 foot partition of beach cleaned and compiled into small piles of garbage for sorting and weighing. These sections start from the North end of the beach and move South. Photos of the beach and its sections are available.

All weights are in pounds.

NOTE: Trace denotes an amount of trash too miniscule to weigh, however since the materials were found they have been noted.
